CHOSEN TO 2008 SUPER LAWYERS

Experienced, Innovative and Successful Experts in Personal Injury Law

LIPSIG, SHAPEY, MANUS & MOVERMAN, P.C. IS A WINNING TEAM OF exceptional personal injury lawyers. The firm successfully represents injury victims and obtains major jury verdicts and settlements in favor of its clients.

The Lipsig firm concentrates solely on cases of injury and wrongful death. Lipsig lawyers prosecute cases of products liability, medical malpractice, brain injuries, construction site accidents and lead poisoning. Recent recoveries include a \$12.7 million verdict in a lead poisoning case, a \$4.3 million settlement for a sheet metal installer, \$3 million for a roofer and \$2.9 million for a plumber. Our firm's goal—improving the lives of our clients, who are the victims of injustice and injury—has resulted in total recoveries of more than \$300 million.

TOP LITIGATORS The firm is proud that two of its partners, Thomas J. Moverman and Alan M. Shapey, were selected for the 2008 *New York Super Lawyers*® - Metro Edition list.

Moverman and Shapey co-founded the Lipsig law firm in 1989 with Harry Lipsig and Mark Manus. Shapey, Moverman and Manus all worked at the legendary Lipsig's firm.

Moverman, who concentrates on litigation, limits his cases to those with complex legal and factual issues. He recruits top experts and uses cutting-edge technology to illustrate his theory of the case to the jury. His preparation and dedication to his clients have resulted in many million-dollar verdicts and settlements. One favorite case ended with one of the largest jury verdicts in New York's state history—\$6 million for a libel case. He was lead plaintiff's counsel on cases for multiple victims of ephedra. His own background in construction benefits his clients who were injured at worksites.

Shapey, with more than 25 years of high-level litigation experience, tries significant automotive products defect, lead poisoning and construction injury cases. Shapey's verdicts include \$50 million for a child injured by lead poisoning and a \$39 million verdict for a 12-year-old struck by a car due to the state of New York's failure to install a traffic light.

All of the lawyers at the Lipsig firm are committed to obtaining justice and financial security for its clients after the tragedies they have suffered. We provide the personal service of a boutique law firm yet utilize the resources of a large practice. With our total commitment to our clients and thorough preparation of our cases for trial, we feel that defendants are compelled to offer adequate settlements to our clients.
